Kathy-

The main purpose of the meeting with Karen is to discuss tribal outreach. We'll need to let her know Mindy wants to scale back a lot. Perhaps she can suggest where we might go if we limit to just 1-2 locations plus webinars.

If time, I can also go over the key issues for options selection, and would use the attached draft matrix (not yet updated to reflect Tod's edits)

(PS I asked Lauren K what they did for 401. They had two tribal meetings, one in Salt Lake City and one in Chicago, and the decision on those locations was made by senior leadership.)
